

Coronach's NEW Pool

Coronach's new outdoor pool opened in July 2025 after months of construction, fundraising, and plenty of community excitement. The new basin and upgraded underground systems solved long-standing water and maintenance issues and gave families swimmers and visitors a modern, reliable place to cool off. With improved accessibility, an efficient design, and a fresh new look, the pool quickly became a highlight of the summer and a proud addition to Coronach's 100th anniversary celebrations. A heartfelt thank you goes out to all the sponsors and volunteers whose support and dedication made this project possible.
